

## KYB to exhibit at CIAME 2017

Starting from Thursday, October 26, KYB will exhibit at the China International Agricultural Machinery Exhibition (CIAME) 2017, to be held in the city of Wuhan, China.

We are set to display a wide range of hydraulic equipment and products for use in agricultural machinery. Please visit us at CIAME 2017 to experience the hydraulic technology for agricultural machinery that KYB has been developing over many years of research and business operations in the field. We're looking forward to your visit.

- Date:** Thursday, October 26 to Saturday, October 28, 2017
- Location:** Wuhan International Expo Center
- Products on display:** HST, Electronic power steering, Hydraulic power steering, Mini-motion package, Motors, Gear pumps, Mini power pack, Piston pumps, Hydropneumatic suspension, Three-point hitch control system for tractor, Valves, Cartridge solenoid valve, Stroke-sensing cylinder
- For more information, please contact:**
