KYB to exhibit at CIAME 2018

Starting from Friday, October 26, KYB will exhibit at the China International Agricultural Machinery Exhibition (CIAME) 2018, to be held in the city of Wuhan, China.

We are set to display a wide range of hydraulic equipment and products for use in agricultural machinery. Please visit us at CIAME 2018 to experience the hydraulic technology for agricultural machinery that KYB has been developing over many years of research and business operations in the field. We're looking forward to your visit.

Date: Friday, October 26 to Sunday, October 28, 2018
Location: Wuhan International Expo Center
Products on display: HST, Electronic power steering, Hydraulic power steering, Mini-motion package, Motors, Mini power pack, Piston pumps, Hydropneumatic suspension, Three-point hitch control system for tractor, Valves, Cartridge solenoid valve
