
KYB TECHNICAL REVIEW

No. 52 APR. 2016

CONTENTS

Foreword

From Professor's Daily Affairs FUKADA Shigeo 1

Editorial

Promotion of Disaster Prevention and Reduction to Overcome Earthquake Disaster and Co-create Future FUKUWA Nobuo 3

Essay

Gujarat Natural Life Story Vol.1: Animals ISHIKAWA Teruyuki 8

Technology Explanation

Attenuation Technology Against Poppet Valve 3D Vibration NAKANISHI Hiroshi 19

Product Introduction

Development of Light-Weight Electronically Controlled Mixer Truck "MR5040EL" OKANO Tetsuya 27

Flow Control Valve-Less Vane Pump for CVT SHIMONO Hiromi 36

Passive Switching Type Oil Damper NAKAHARA Manabu 40
(Seismic Isolation Damper for Narrow Land in City)

Glossary

Quake Resistance, Vibration Control, Seismic Isolation ITO Yoshifumi 44

Product Introduction

Introduction of Development of KYB K'lassic (SD-2) SAWANISHI Toshiyuki 45
HOSHINO Yuta
YAMAOKA Koji
ISHIMARU Nozomi

Technology Introduction

Application of MBD to Development of ECU Prototype for EPS KOBAYASHI Masayuki 49

Development of Driving Safety Support System HASEBE Atsutoshi 54
HARA Yasuhiko

Production Transfer of MSG Swing Motor to KHIZ on Installation of High-quality Assembly Line UGAJIN Yuta 58

Technological Development of Mass Production of Injection-Molding Worm Wheel OGURA Shogo 62
FUJINAMI Taro

Development of Multi-metal Paint Coating Treatment SAWANO Takeshi 66

Installation of KMEX CVT Shaft Manufacturing Line ITO Yoshiyuki 70
KOJIMA Ryota
