# KYB TECHNICAL REVIEW

No. 57 OCT. 2018

## CONTENTS

### Foreword

International Cooperation and the Strength of Japan KITAGAWA Ato 1

### Essay

Notes on My Stay in Mexico MATSUNAMI Atsuo 2

Notes on My Stay at Chinese Zhenjiang SEKIGUCHI Hideki 6

### Explanation

The Current State of IoT and AI, and Their Use in the Manufacturing Industry  
MASUKURA Kouichi 10

### Product Introduction

Inverse Type Hydraulic Cylinder for Medium Class Excavators FUNATO Hiroshi 16

### Technology Explanation

Stability of Water Hydraulic Proportional Control Valves YOSHIDA Futoshi 21

### Introduction

Profile of Activities for 24 Hours Nürburgring TSUJI Wataru 28  
TOMIYAMA Shuuki

### Technology Introduction

Development of Technology for Piston Rod Bending Measurement and Correction  
MITSUO Takashi 35

### Product Introduction

Development of Front Fork for Large, High-Performance LMW MAKINO Kimiaki 40

Development of Tri-Linear Oil Damper ISHIHARA Yukiko 45  
NAKAHARA Manabu

### Technology Introduction

Development of Valve for Ultra-Low Speed with High Damping Force YASUI Takeshi 50

Response Improvement of Shock Absorber with Proportional Solenoid Damping  
Force Adjustment by Using Magnetic Field Analysis UENO Kazuo 54

MATSUSHITA Yusuke

### Glossary

Quality Engineering KYB Quality Engineering Research Group 60

### Technology Introduction

Material Analysis Techniques for Hydraulic Components TAMURA Tetsuya 62  
NAKASE Takuya  
SAKURAGI Kenji

(Cover Photograph: SAs for TGR-Participating Vehicle and Actual Vehicle [see P.31], High-Performance Large LMW Front Fork and Actual Vehicle [see P.40])
