Thank you for visiting us at Moscow International Motor Show

KYB Group company LLC KYB Eurasia held an exhibition at the Moscow International Motor Show (MIMS). The event ran from August 26 to August 29 at Russia.

LLC KYB Eurasia exhibited the SMP Racing vehicle. Used in the 24 Hours of Le Mans endurance race, this racecar is equipped with KYB-made electric power steering. We also invited drivers as guests. The booth would go on to receive the MIMS Best Booth Award, which is bestowed upon the most popular and exciting booth.
