# KYB TECHNICAL REVIEW

No. 51 OCT. 2015

## CONTENTS

### Foreword

Reconsidering the Basics of Manufacturing Design Mitsuo Hasebe 1

### Greetings

Greetings Yasusuke Nakajima 3

### Technical Article

Friction Reduction Effect Through Alternative Lubricants on Aluminum Alloy Coated via Plasma Electrolytic Oxidation Takuya Nakase 4

### Technology Explanation

Polyalkylene Glycol (PAG) as Environmentally Acceptable Shock Absorber Oil Christian Scholz 13  
Yoshihiro Ito

Optimal Design of Magnetic Attractive Force Characteristics by Utilizing Magnetic Field Analysis for the Proportional Solenoid Tsuyoshi Hironaka 23  
Miho Shimada

Development of Visual Inspection Technology for Rod Packing Yukinori Kameda 31  
Yosuke Nakanishi  
Kenji Kudo

### Product Introduction

Development of Communication Terminal for Vehicles Hideo Matsushima 38

### Glossary

GPS, GLONASS, QZSS Takashi Kamijou 42

### Product Introduction

Development of Valve with Improved Damping Force Responsiveness Kazuyuki Kimishima 43  
Ken Yamanaka  
Naoki Yamamoto

### Essay

Memories of Thailand and Malaysia Kazuhito Kaminaga 47

### Product Introduction

Development of HVFD42F Hydrostatic Transmission with Manual Servo Regulator for Tractors Takanori Inada 55  
Takuya Miura

### Glossary

HST Yoshihiko Kawano 59

### Product Introduction

Bicycle 4-Axis Vibration Tester Hidehiro Obara 60  
Development of Warning Map for DRE-401 Akifumi Kanai 64

### Technology Introduction

Development of Parts/Product Storage and Retrieval Management System Using Handy Terminal Takayoshi Naito 68

### Introduction

Start-up of Indonesian Factory for Midsize KCH Cylinders Kazuyuki Yamauchi 73

### Essay

Discovering the Land of the Rising Sun Christian Scholz 79
