
KYB TECHNICAL REVIEW

No. 52 APR. 2016

CONTENTS

Foreword			
From Professor's Daily Affairs	Shigeo Fukada		1
Essay			
Promotion of Disaster Prevention and Reduction to Overcome Earthquake Disaster and Co-create Future	Nobuo Fukuwa		3
Journey with Living Things in Gujarat: Part 1 Animals	Teruyuki Ishikawa		8
Report on Residence at Berlin	Takuya Nakase		14
Technology Explanation			
Attenuation Technology Against Poppet Valve 3D Vibration	Hiroshi Nakanishi		19
Product Introduction			
Development of Light-Weight Electronically Controlled Mixer Truck MR5040EL	Tetsuya Okano		27
Product Introduction			
Flow Control Valve-Less Vane Pump for CVT	Hiromi Shimono		36
Passive Switching Type Oil Damper (Seismic Isolation Damper for Narrow Land in City)	Manabu Nakahara		40
Glossary			
Quake Resistance, Vibration Control, Seismic Isolation	Yoshifumi Ito		44
Product Introduction			
Introduction of Development of KYB K'lassic (SD-2)	Toshiyuki Sawanishi Yuta Hoshino Koji Yamaoka Nozomi Ishimaru		45
Technology Introduction			
Application of MBD to Development of ECU Prototype for EPS	Masayuki Kobayashi		49
Development of Safe Driving Support Device	Atsutoshi Hasebe Yasuhiko Hara		54
Production Transfer of MSG Swing Motor to KHIZ on Installation of High-quality Assembly Line	Yuta Ugajin		58
Technological Development of Mass Production of Injection-Molding Worm Wheel	Shogo Ogura Taro Fujinami		62
Development of Multi-metal Paint Coating Treatment	Takeshi Sawano		66
Installation of KMEX CVT Shaft Manufacturing Line	Yoshiyuki Ito Ryota Kojima		70
Related Patents			73
Editors Script
